NOTE.

Sub:- Rural Medical Relief-Scheme of mobile medical units-request for Government grant-Application from Rural Health Committee, Perdala

---

... G.O. 1256, Health, dated 11-5-54, the Government announced their decision to start mobile medical units based on taluk headquarters hospitals. It was proposed to sanction five mobile medical units in the first instance. In G.O.17, Health, dated 3-1-55, permission was accorded for purchasing the vans required for four mobile medical units, and it was stated that orders in regard to the purchase of a van for the fifth mobile medical unit would be issued separately. Presumably the Government expected that the Rural Health Committee, Perdala would hand over to Government the van obtained from the All India Women's Conference, for the starting of the fifth mobile medical unit. In Government memo 80950-H4-3/54-1 Health dated 30-8-54, the Government asked the Director of Medical Services to ascertain and report whether the Rural Health Committee, Perdala, would hand over the van to Government so that the Government could use the van for starting a mobile medical unit. In letter dated 4-7-55, the Secretary, Rural Health Committee, Perdala informed this office that the mobile health van had been handed over to them on the specific condition that it must be used for medical relief in that particular rural area (viz. Perdala) and hence the committee regretted that it was not empowered to hand over it to any body else. The Committee however requested that the Government may kindly sanction a grant of 3000/- for the purchase of medicines to enable the Committee to Start the scheme for providing medical relief through a mobile unit. The Committee also requested the South Kanara District Board to contribute Rs.500/- to them, but the Government declined to sanction the proposal of the District Board to pay a contribution to the Rural Health Committee. (G.O. Rt. 674, L.A. dated 1-8-55).

2 Grants are usually sanctioned by Government to private institution only where the need for financial assistance is clearly established, (viz) after watching the working of the institutions for one year. A reference is in this connection invited to Government memo 8496-H5/55-3 Health dated 19-8-55.

3 The Scheme of mobile medical units is however a new venture and as a special case, Government may consider the payment of an advance grant to the Perdala Health Committee subject to final adjustment ~~based~~ on after the close of the current financial year, on production of audited accounts relating to the operation of the mobile unit.

Note for circulation.

The proposal in this file relates to the payment of an advance grant to the Rural Health Committee, Perdala, South Kanara Dt., for the maintenance of a mobile medical van. The All India Women's Conference has gifted ~~the~~ van to the Committee for rendering medical aid to the people of Perdala and neighbouring villages in South Kanara ~~Dt.~~ District. The estimated cost of working the van is Rs.7,000/- per annum. Out of this, it is expected that a sum of Rs.4,000/- may be collected by public donations. The intention of the Committee is to select three centres each to be visited by the van twice a week.

2. The request of the Committee to sanction a sum of Rs.3,000/- as Govt. grant was rejected for the reasons stated in para 2 of the note on p.3.c.f. The D.M.S. has now recommended the payment of an advance grant of a sum of Rs.3,000/- to the committee during the current year pending adjustment later on after the receipt of the audited accounts. This Dept. has also supported the proposal.

3. The Finance Dept. has remarked that the Govt. may, for the present, sanction a grant of Rs.2,000/- for the current year as the expenditure on medicine in the current year will be well within this figure as the van would have begun to function actively only in June or July 1955. They have also suggested that the Rural Health Committee may be advised to apply for a recurring grant for the maintenance of the van to the Central Social Welfare Board through the All India Women's Conference. The suggestions of Finance may be agreed to.

4. The file may be circulated to M(H) and M(F) for orders on the proposal. The minute of
